Amit Mahato

Fresher in VB.Net and Web Development

amitmahatacku2017@gmail.com | +91 9110932729 | Jamshedpur, India | linkedin.com/in/amit-mahato-793737255/

Summary

As a Fresher in VB.Net and web development, I am seeking an opportunity where I can leverage my technical skills in VB.NET, HTML, CSS, JavaScript, Django, and MySQL. I am eager to apply my knowledge in a professional environment, grow through challenges, and contribute to the success of my employer by developing impactful digital solutions.

Skills

VB.NET, HTML, CSS, JavaScript, Django, MySQL, React.js, OOPs, Bootstraps, Git, VS Code, Visual Basic

Work Experience

VB.Net Developer Intern
Agamya Eduventure | Jamshedpur — Oct 2025 - Nov 2025

Web Application Intern
Agamya Eduventure | Jamshedpur — Mar 2025 - Jun 2025

Web Application Intern
Adityapur Auto Cluster | Jamshedpur — Feb 2023 - May 2023

Education

MCA in Computer Applications | CGPA - 8.81 — Oct 2023 - Nov 2025
RVS College of Engineering and Technology, Jamshedpur

BCA in Computer Applications | Percent - 84.93% — Sep 2020 - Nov 2023
Mrs. KMPM Vocational College, Jamshedpur

Project Experience

Online Movie Ticket Booking Site

Technologies: HTML, CSS, JavaScript, Bootstrap, Django, MySQL

- Developed the user interface using HTML, CSS, and Bootstrap for responsive design.
- Integrated backend logic using Django to handle ticket booking operations.
- Using JavaScript for interactive UI elements such as seat selection and real-time availability.
- Using MySQL as the database to store movie details, user data, and transaction records.

Music System (Spotify) and Food Order System (Swiggy)

Technologies: HTML, CSS, JavaScript, Bootstrap

Designed and developed two responsive web applications:

- A Music System that allows users to browse and listen to music through an intuitive user interface.
- A Food Order System that enables users to browse food items, place orders, and proceed with a simulated payment process.

Focused on user-friendly design, smooth navigation, and responsive layouts using Bootstrap.

Institute Management System

Technologies: VB.Net(IDE for window forms) and SQL Server(SSMS)

- Developed a desktop application to streamline the Institute Management System. Designed forms for Students, faculty, Courses, attendances, reports, and data search. Implemented secure data storage and retrieval using SQL queries. Improved record management and operational efficiency.
